Mr. Polzin joined PERSI in 2009 as PERSI's Information Technology (IT) Manager. In that role, he supervised a team of eight IT staff and four contractors. His initial focus was to analyze the agency's business technology requirements and identify an appropriate replacement for the existing line of business system. He became the deputy director in March 2011, and now oversees all daily operations for PERSI. Over the next 3-4 years, he will work closely with the IT department, outside vendors, and others within PERSI to coordinate the many complex tasks associated with selecting the right package and implementing the new system.

Mr. Polzin is a native Idahoan who grew up in American Falls. Prior to coming to PERSI he held management positions with Lamb-Weston, J.R. Simplot, and Supervalu. He holds a bachelor's degree in Business Administration from Idaho State University.
